- . Remove the four outside Levelers located on the bottom of the Frame Legs. See image 1.

NOTE: If this is a new installation, skip Step 1 and go directly to Step 2.

- . Align and screw the caster into the threaded nut on the outside bottom of the Frame Leg. Repeat for the other three casters. See image 2.

- . Screw the caster all the way through the Frame Leg. Apply a washer and lock nut to the exposed threaded end. Firmly tighten. Repeat for the other three casters. See image 3.

- . To lock the caster into a fixed position, press down on the plastic tab. To release, pull up. See image 4.
